Description Naked Economics: Undressing the Dismal Science (Fully Revised and Updated) by Charles Wheelan

"Clear, concise, informative, witty and, believe it or not, entertaining." —Chicago Tribune
Finally! A book about economics that won't put you to sleep. In fact, you won't be able to put this bestseller down. In our challenging economic climate, this perennial favorite of students and general readers is more than a good read, it's a necessary investment—with a blessedly sure rate of return. Demystifying buzzwords, laying bare the truths behind oft-quoted numbers, and answering the questions you were always too embarrassed to ask, the breezy Naked Economics gives readers the tools they need to engage with pleasure and confidence in the deeply relevant, not so dismal science.

This revised and updated edition adds commentary on hot topics, including the current economic crisis, globalization, the economics of information, the intersection of economics and politics, and the history—and future—of the Federal Reserve.

Customer Reviews Great Read!! by BORICUA!!

This book is book is amazing. It really puts economics is everyday terms. A must read!! Entertaining and informative!

A Great Read by vsawhney01

A great book that unravels complex economics in a simple, easy to read terms that could be understood by anyone with an 8th grade education. Great for all readers interested in economics.
