## Description Urban America by McKinsey Global Institute

In this report, the McKinsey Global Institute (MGI), the business and economics research arm of McKinsey & Company, puts US urban growth prospects into a global context. It compares the economic weight of US large cities with the urban centers of other developed regions, describe GDP growth patterns across US urban regions over the past few decades, and highlight the key challenges and opportunities for US metro areas as they plot their course through to economic recovery. This is part of MGI's ongoing work on global urbanization.

### Urban America by McKinsey Global Institute

We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with Urban America by McKinsey Global Institute.
